

Imagine spending your holidays in a hospital.

Now imagine that's where you live.

Join your veterinarian in making the holidays special for these children at Kaleida's Highpointe at Michigan.

Many have no family. Many cannot speak and/or have a tracheostomy tube.

Several are blind and have limited physical and mental abilities.

The children, ages 1 to 18, would love the following:

- **Clothing** Coordinated outfits, sweatpants and shirts with elastic waists, pajama sets, undershirts and socks (from sizes 2 toddler to mens and ladies large)
- **Books** for teenagers and picture books for young children
- **Current CDs** and DVDs
- **Art supplies** Stickers, colored paper, large and regular crayons, markers, glue, scrap books, etc.
- **Toiletries** Shampoo, conditioner, body wash, lotions, hair ties and headbands
- **Gift cards** for almost any store so that staff can go shopping for them!

**Veterinarians,
your *other*
family doctor.**

Won't you join your veterinarian and staff in making life happier for these children?

Contribute a gift, gift cards for Toys R Us, Target, or Walmart, or monetary donation during this season of celebration. Please bring donated items to your veterinarian by *Thursday, December 24.*

Veterinarians and their pets will be visiting with these children during the holidays.
